

Every service technicians Wheelchair tester

Swedish quality last longer !

Multi-tool

- Cover battery system between 12-48V / 0-20A
 - Measure voltage V, current A, energy Ah and much more
 - Store min/max-measurement
 - To be connected between the charger and the wheelchair
 - Quicktest 1 - connect the wheelchair, instantly V read-out
 - Quicktest 2 - connect the charger, instantly V/A read-out
 - System test - all measurements are stored for service guidance
-
- Handy for fieldservice
 - No internal battery - supplied by the test object

Functions

Present voltage (V), current (A) and power (W) are always displayed.
Additional values are displayed in shifting sequences , approx. 3 sec for each combination.
The shifting can be halted temporary by a short push of the Reset-bottom.
Another short push of the Reset-bottom restart the shifting

Stored values can be reseted by a long press on the Reset-bottom until following message is showed:
"Press again 5 seconds to reset "

Release the bottom and press it again for 5 sec = reset it performed

26.22V 9.30A 02:39:41	Testing time period since reset
26.22V 9.30A 5.63Ah 215.0W	Ah (energy to battery)
26.22V 9.30A 108.0Wh 215.0W	Wh (delivered energy from charger)
26.22V 9.30A 26.33Vp 215.0W	Vp (max. voltage during the test period)
26.22V 9.30A 9.90Ap 215.0W	Ap (max. current during the test period)
26.22V 9.30A 275.3Wp 215.0W	Wp (max. delivered charger power during the test period)
26.22V 9.30A 26.24Vm 215.0W	Vm (min. voltage during the test period)
26.22V 9.30A 9.45Am 215.0W	Am (min. current during the test period)

Brief information about **TYSTOR AB**

The company **TYSTOR AB** is since the past 30 years developing and manufacturing battery chargers.
Our production is located nearby city Flen , Sweden.

Markets to be mention are vehicle (car , truck , bus as electrical vehicle), forklift , wheelchair and other electrical aids , marine, UPS and also for military use. Custom specific types are made fast and at low costs.

Over 300 000 products has been delivered. The share of export is today approx 50%.

You will find representatives in all Scandinavian countries, Germany, Poland, the Baltic States and also within the rest of the EC-market.

Visit our site at www.tystor.com for detailed information.
